Quality Precision Machined Parts since 1967 ▪ Professional Quality Commando® Tools since 1944

Thank you for your interest in Commando® products. You'll find we offer an extensive line of MADE-in-USA precision tools and other products that all share one common trait: Quality.

The enclosed catalog includes the complete product description, available options and pricing for our current products. When ordering please list the color desired where applicable. There is also a current copy of our full catalog available for viewing or downloading on the right side of our home page.

Most items in this catalog may be ordered by going to our website at www.commandoproducts.com which will include our current listing of available products with current pricing. Please watch our site for unique new and additional products which will be added when available.

Some Commando products may be ordered by going to: www.Amazon.com
Click on Tools & Hardware or enter Commando Tools in the search box

Items not listed on Amazon.com can be ordered at www.commandoproducts.com including additional Screwdriver Blades, Torx® Drivers and replacement parts.

Contact Commando for special pricing on orders of 50 or more of an individual item.

If you don't find the product you are looking for at www.commandoproducts.com or www.Amazon.com please contact Commando Products at:

- Send e-mail to sales@commandoproducts.com
- Send Fax to 816-966-8858
- Call 816-966-8889
 - Monday thru Thursday 8:00 am to 4:30 pm and Fridays 8:00 am to 3:30 pm

If you live or are visiting in the Kansas City, Missouri area please drop by our showroom in our manufacturing plant at the address listed at the bottom of this page during the hours listed above.

Contact Commando for pricing on custom laser engraving with your name, address, phone number and or logo. ***This option is great for gifts or advertising promotions that last for years, to remind your customers of your services and products.***

If you have additional questions, feel free to call us at 816-966-8889 or fax us at 816-966-8858.

Thanks for your interest in Commando,
sales@commandoproducts.com
www.commandoproducts.com

Many Commando® tools and products are covered by one or more US Patents to help protect their unique features, products are laser engraved with Commando's special logo which includes our logo design, "Made in USA" and patent numbers where applicable. Look for the Commando Logo to make sure you are buying quality Commando Products made in USA and not an inferior imitation.

BULLET SCREWDRIVERS

- Manufacturer's original metal 30-06 casing
- Spent (fired) shell casing makes tool safe
- Brass bullet tip with copper plating
- Precision Heat Treated alloy steel screwdriver blades
- Furnished in Plastic Tube for convent storage
- Quality USA Made products

Screwdriver blade, bullet tip and casing are securely pressed together to prevent slipping. Brass & copper may tarnish over time and can be polished to a bright finish with Brasso® or other brass polish.

Suggested Uses: Unique & conversational handy tool for shooters, sportsman, fisherman, hunter, gun enthusiast. Great for gun, scope or eyeglass repair. Makes a useful gift and may be laser engraved with your name or company logo with name at an additional charge.

QUALITY TOOLS & PRODUCTS FOR INDUSTRY, OFFICE, SCHOOL, HOBBY, SPORTS AND PROFESSIONALS

NEW PRODUCTS

Drill Kit Sets with Swivel Top Caps

Pro Series 101 & 102

- Attractive 3/8" or 1/2" diameter anodized aluminum body with pocket clip
- Pen size 7/16" x 4" or 9/16" x 4-11/16" - Made in USA
- Steel chuck firmly holds drills from #80 (.013") thru #52 (.064")
- Drills store inside handle, in plastic tube with cap
- Available with HSS Drills, Hardened ScribeAwI and Punch Point

Drill Sets with Swivel Top Caps for precision control during tool use such as drilling and reaming small holes. Precision steel chuck to firmly hold drills and other round or square tools with diameters from .013" to .064". Handle (utilized as holder to store tools inside to help prevent loss) has Non-Slip Finger Grip surface on body, chuck nut and cap to aid in removing or replacing tools and for positive control during tool use. The High Speed Steel Drills, Hardened Steel ScribeAwI and Punch store inside body, in plastic tube with cap to help prevent accidental spilling. All machined parts are plated or made of materials to help prevent rust & corrosion. Made In USA (Des.Pat.No. D407,289) [CA65] **Suggested Uses:** *Drill small holes in soft material • Orifice cleaning • Reaming clogged holes • Welding tip cleaner • Clean shower heads, gas grills, windshield washer nozzles • Use ScribeAwI for layout work & identification marking • Use Punch or ScribeAwI to punch small holes or make starter holes for drills in soft materials*

NEW PRODUCTS

Pick-Up Tool (with 4 prongs)

Pro Series 158-PUT

- Attractive 3/8" diameter anodized aluminum body
- Pen size 7/16" diameter x 4-1/2" [114 mm] overall length
- Four prongs for positive grip of small parts
- Machined parts plated or made of material to help prevent rust
- Stylish tool with pocket clip for carrying in pocket or apron

The stylish Pick-Up Tool with patented USA made pen size handle will give many years of satisfactory service due to the quality construction. The positive grip of the four prongs are perfect for picking up small parts in hard to reach places, holding diamonds or small parts for assembly, positioning & painting such as models and fishing lures.

The convenient pocket clip also helps prevent tool from rolling off a table or work bench. Handle protected by US Des.Pat.No. D416,777 [CA65]

Suggested Uses: Used by hobbyist, jewelers, machinist, assemblers, mechanics or anyone working with small parts

QUALITY TOOLS & PRODUCTS FOR INDUSTRY, OFFICE, SCHOOL, HOBBY, SPORTS AND PROFESSIONALS

NEW

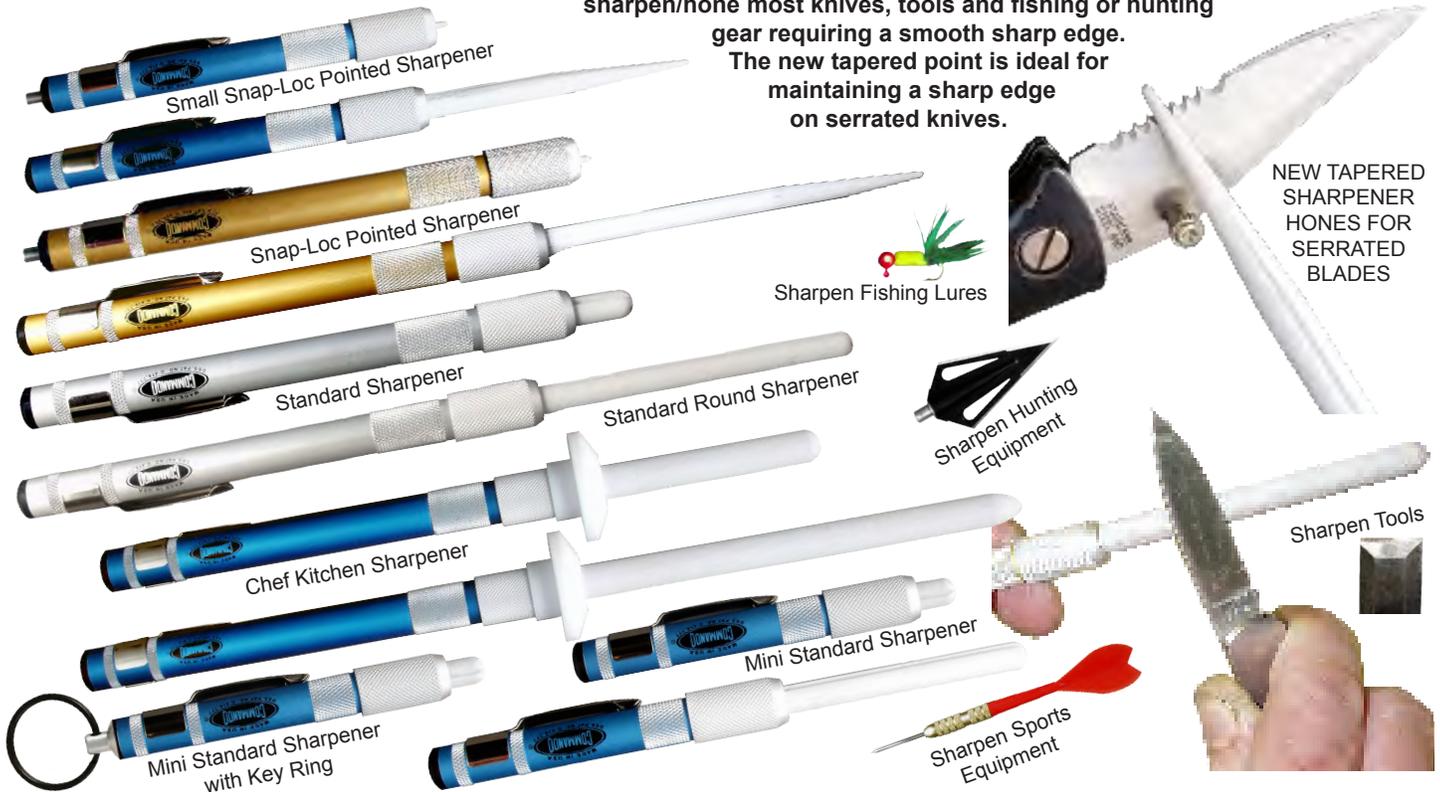

Commando Ceramic Sharpeners

NEW

- Unbreakable, yet provides the same edge sharpening and honing characteristics as traditional solid ceramics.
- Practical solution to most sharpening needs. Knife blades, fish hooks, arrowheads, and woodworking tools - there's a Commando Product for most every sharpening need.
- A dull knife can be readily restored with a smooth razor sharp edge by using a ceramic hone.
- Sharpening stone is created by a unique patented process that converts the surface of a light alloy to an extremely hard dense surface, with excellent adhesion to the substrate, and has the same properties as most solid ceramic materials and will not rust.
- Easy to clean with water and detergent soap.

New Retractable Snap-Loc Unbreakable Ceramic Sharpeners to sharpen/hone most knives, tools and fishing or hunting gear requiring a smooth sharp edge.

The new tapered point is ideal for maintaining a sharp edge on serrated knives.

Commando Diamond & Ceramic Knife Sharpeners Advantage

- Multipurpose tools designed for maintaining a sharp edge on a wide variety of products. The flat surfaces is ideal for knife blades, arrowheads and other products with straight or flat edges. The rounded and pointed edges are designed for serrated blades and other curved surfaces. The groove sharpens fish hooks, darts and other pointed tools
- Available with a diamond surface (medium or fine grits) for keeping a sharp edge on kitchen, hunting, fishing or pocket knives, and a smooth ceramic finish for final honing of a sharpened blade or edge to create a razor sharp edge
- Available in a variety of sizes to fit in pocket, tool or tackle box, kitchen drawer and in hunting or fishing vest or hang on vest with convenient key ring model. Also designed for the professional chef as well as the sportsman
- Dual Sharpener Sets offer a combination of sharpening and honing in one set. Restore severely worn or damaged knife edges with the diamond sharpeners then hone the edge to perfection with the smooth ceramic sharpener surfaces
- Edges that have imperfections, become damaged or extremely dull may be restored with a diamond sharpener and once the edge has been restored, it may be made razor sharp with a smooth ceramic stone
- Ideal for edge maintenance on serrated blades, hunting & fishing equipment, wood working tools, garden tools, ice skates, chain saw teeth as well as standard knife blades
- The new pointed sharpeners were designed for maintaining Serrated Knife Blades. Serrated blade edges may be sharpened, honed or restored with Commando's Pointed Sharpeners. With light pressure, move the sharpener point back-and-forth in each serration until you feel a slight burr on the flat side of the blade. After all of the serrations have been reworked, hone the back side very lightly with a smooth ceramic or diamond stone just enough to remove the burr.

Ceramic Knife Sharpeners (Unbreakable Ceramic)

Pro Series 168-CS

- Attractive 3/8" or 1/2" diameter anodized aluminum body with pocket clip
- Pen size handles with Patented Ceramic Surface Hones
- Built-in chuck positions & firmly holds sharpening stone
- Simply loosen chuck nut to extend sharpening stone
- Taper Shape #3 perfect for sharpening & honing serrated blades

New unbreakable ceramic knife sharpeners with unique designs to sharpen straight & serrated knives, fishhooks, darts, arrows, utility knives and other tools requiring a precision sharp edge

Handle (utilized as holder to store sharpener rod inside) has Non-Slip Finger Grip surface on body and chuck nut to aid in removing or replacing sharpening stone and for more positive control during tool use. Use ceramic stone's flat side for sharpening standard knives, round side for sharpening serrated knives, "V" groove for sharpening fishhooks, darts and arrows. Simply loosen chuck nut, slide out or reverse sharpening stone and tighten chuck nut. All machined parts are plated or made of materials to help prevent rust & corrosion. 100% Made In USA. (Des.Pat.No. D416,777) [CA65] Suggested Uses: SHARPEN & HONE Knives, Scissors, Kitchen Utensils, Fishhooks, Darts, Hunting Arrows, Garden Tools, Router Bits, Shop Tools, Camping Tools, Ice Skates, Utility knives, Great for the professional chef and gifts.

QUALITY TOOLS & PRODUCTS FOR

INDUSTRY, OFFICE, SCHOOL, HOBBY, SPORTS AND PROFESSIONALS

New

SPORTSMAN & LUBRICATION SERIES

Field, Streamside Repair & Service Kits • Deluxe Lubrication Kits

Available in a variety of Combo Packs for the Sportsman & Hobbyist

(Tools Store Inside Handle for Compact Tools and to Help Prevent Loss)

- Precision Pro Screwdriver with 4 blades plus ScribeAwl
- Pro Retractable Knife/Fishhook Sharpener & Utility File
- Pro Dual Grit File & Knife Sharpener (medium & fine grits)
- Precision Oiler with Clear Crystal Oil for fine instruments
- Double Ended Nylon Brush
- Clear Grease in Plastic Bellows bottle for easy dispensing

All machined parts are plated or made of materials to help prevent rust & corrosion. Handles & Holders Made In USA. Diamond stones imported from other countries.

Ideal For: Hunter, Fisherman, Camper, Collector, Tackle Box, Field Kit, Home Workshop, Service Technicians, Hobbyist or makes a great gift

SCREWDRIVER: Attractive 3/8" diameter x 3-13/16" long anodized handle (utilized as holder to store blades and ScribeAwl inside to help prevent loss) with precision steel chuck, pocket clip and Non-Slip Finger Grip surface on body, chuck nut and cap to aid in removing or replacing blades and for positive control during tool use. Simply loosen chuck nut to remove or replace the precision heat treated alloy steel blades or hardened steel ScribeAwl.

Includes SCRIBEAWL: Multiple use tool. Use to mark or score on metal & most other hard materials, as an Awl for marking small holes in soft materials or for making starter holes for small drills or screws, picking tool with it's sharp point, clean hook eyelets or to help tie blood knots. (Des.Pat.No. D407,289) **[CA65]**

RETRACTABLE DIAMOND KNIFE/FISHHOOK SHARPENER & UTILITY FILE:

Attractive 3/8" diameter x 5-1/2" long (when closed) anodized handle (utilized as holder to store diamond stone inside) has pocket clip and Non-Slip Finger Grip surface on body and chuck nut to aid in removing or replacing sharpening stone and for more positive control during tool use. Quality Diamond coated stone (2-1/2" sharpening length) has flat side for sharpening standard knives, round side for sharpening serrated knives, "V" groove for sharpening fishhooks, darts and arrows or all sides may be used for filing. Simply loosen built-in chuck, slide out diamond stone and tighten chuck nut. (Des.Pat.No. D416,777) **[CA65]**

DUAL GRIT DIAMOND KNIFE SHARPENER & UTILITY FILE: Attractive 3/8" diameter x 4-3/4" long (when closed) anodized handle (utilized as holder to store diamond stone inside) has pocket clip and Non-Slip Finger Grip surface on body and chuck nut to aid in removing or replacing sharpening stone and for more positive control during tool use. Quality 2-3/4" long diamond coated surface. Dual purpose versatility since each flat side has a different diamond grit. Use courser side for faster removal of material and other side for finish work. Simply loosen built-in chuck, remove stone assembly, reverse & slide stone end into chuck and tighten chuck nut for convenient 4-3/4" long storage. (Des.Pat.No. D416,777) **[CA65]**

PRECISION OILER: Refillable Pocket Lubricator with pocket clip and needle to precisely place oil where needed. High quality oils available: Clear Crystal Instrument 10/20w Oil or Amber Machine 40w Oil.

NYLON BRUSH: Double ended white nylon brush. One end spiral brush and the other a flat brush.

GREASE IN PLASTIC BELLOWS BOTTLE: Superior quality multiple use grease in accordion style plastic bottle with plastic needle for easy dispensing.

QUALITY TOOLS & PRODUCTS FOR INDUSTRY, OFFICE, SCHOOL, HOBBY, SPORTS AND PROFESSIONALS

The Commando® Tool Advantage

- Look for the Commando Logo to signify you are purchasing quality USA made handles, holders and machined parts
- Handles & holders have attractive anodized body, in a variety of colors, for appearance and durability
- All machined parts are plated or made of materials to help prevent rust and corrosion
- All handles & holders furnished with convenient pocket clip which also helps to keep tools from rolling. (Clip may be removed)
- Pro Series handles have Non-Slip Finger Grip Surface on body to help aid in removing/replacing tools & for control during use
- Most handles also used as holder to store tools inside the body to help prevent lost or misplaced tools
- Handles have built in chucks (except for special design of Hex-Chuck™ Holders) to hold a variety of tools & markers
- Simply loosen chuck nut to remove or replace tools; not necessary to remove chuck nut
- Commando's continuing commitment to bringing you products of the highest quality

Unique tool features protected by one or more U.S. Patents

The Commando® Tool Advantage

Many holders have room to store small tools or parts inside handle

USA Made Pocket Clip (easily removed if not needed) • Helps keep tools from rolling

Non-Slip Finger Grip Surface

on Pro Series Holders for positive control. This surface aids in removing and replacing tools even when hands are wet, oily or slippery.

Chucks available in various sizes to hold a large variety of tools

Des.Pat.No. D407,289

Simply loosen chuck nut to remove and replace tools, not necessary to remove Chuck Nut

Caps may be replaced with specially designed accessory caps for unique applications

Laser Engraved with Commando logo & Made in USA

- Signifies quality USA made handles and machined parts
- Helps differentiate Commando® products from imported and/or domestic products with lesser quality
- Holders have room to engrave your company name or logo for advertising and promotions

Anodized Barrel for Appearance and Durability

Holdings and Machined Parts Manufactured in the USA by Commando®

Stay in Command with Commando® Tools and Products

Purchase tools as needed and build your own custom tool set

Most Holders & Handles available in your choice of Clear, Gold or Blue Anodized Barrel

- Creative Packaging
- Combo Packages
- Private Label Packaging
- Custom Laser Engraving

Light Weight, Double Sided Tacky Fabric with Unlimited Uses

Warning: For personal safety when using tools, eye protection and other safety devices should be used to prevent injury, in case a tool should shatter or break during use. Before using, the user must determine the suitability of the product for its intended use, and the user assumes all risk in connection therewith. **California Residents - Proposition 65 Warning:** Catalog items with a [CA65] in the description may contain components with small amounts of materials known to the State of California to cause cancer, birth defects or other reproductive harm. Wash hands after handling.

128-9205		12 Assorted Color Coded Stainless Steel Wires + ScribeAwl & Punch for Commando® Wire Sets	\$ 9.45

The Commando® Tool Advantage

- Look for the Commando Logo to signify you are purchasing quality USA made handles, holders and machined parts
- Handles & holders have attractive anodized body, in a variety of colors, for appearance and durability
- All machined parts are plated or made of materials to help prevent rust and corrosion
- Most handles & holders furnished with convenient pocket clip, which may be removed, clip also helps keep tools from rolling
- Pro Series handles have Non-Slip Finger Grip Surface on body to help aid in removing/replacing tools & for control during use
- Most handles also used as holder to store tools inside the body to help prevent lost or misplaced tools
- Many handles have built in chucks, except Hex-Chuck Holders, to hold a variety of tools without turning or slipping
- Simply loosen chuck nut to remove or replace tools, not necessary to remove chuck nut.
- Commando's commitment to bringing you products of the highest quality

DIAMOND COATED KNIFE SHARPENERS & UTILITY FILE SETS

Diamond Stone Stores Inside Handle for Compact Tool with Many Uses

SHARPEN: Knives, Scissors, Kitchen Utensils, Fishhooks, Darts, Hunting Arrows, Garden Tools, Router Bits, Shop Tools, Camping Tools, Ice Skates and Utility Knives

UTILITY FILE: Model making, shaping metal or wood, Fingernail File, deburring & removing sharp edges from metal, wood, plastic and other materials

Knife Sharpener & Utility File - Diamond Mini Pocket

Pro Series

167-DKSM

- Attractive 3/8" diameter anodized aluminum body
- Pen size 4" long when closed (5-3/4" open) with pocket clip
- Built-in chuck positions & firmly holds sharpening stone
- Simply loosen chuck nut to remove & replace sharpening stone
- 2" of Quality Diamond Coated sharpening area

Handle (utilized as holder to store diamond stone inside) has Non-Slip Finger Grip surface on body and chuck nut to aid in removing or replacing sharpening stone and for more positive control during tool use. Diamond stone has flat side for sharpening standard knives, round side for sharpening serrated knives, "V" groove for sharpening fishhooks, darts and arrows or all sides may be used for filing. Simply loosen built-in chuck, remove stone assembly, reverse & slide stone into chuck and tighten chuck nut for convenient 4" long storage. All machined parts are plated or made of materials to help prevent rust & corrosion. Handles & Holders Made In USA. Diamond stones imported from other countries. (Des.Pat.No. D416,777) [CA65]

Suggested Uses: SHARPEN Knives, Scissors, Kitchen Utensils, Fishhooks, Darts, Hunting Arrows, Garden Tools, Router Bits, Shop Tools, Camping Tools, Ice Skates • UTILITY FILE for model making, shaping metal or wood, Fingernail File, deburring & removing sharp edges from metal, wood, plastic and other materials • Gifts • Imprint for advertising promotions.
Industrial Uses: Filing, deburring and to remove galling or burrs from small holes such as machine collets

Item Number	Pkg Type	Body OD	Item Description	Suggested List Price
167-04x5		3/8"	Pro Mini Pocket Diamond Knife Sharpener with medium grit stone	\$ 10.95

Available Anodized Body Colors: (1 = Clear Anodize) (2 = Gold Anodize) (3 = Blue Anodize)
 When ordering replace "x" in part number with body color number • See Price List for bulk items without packaging

Knife Sharpener & Utility File - Diamond Retractable

Pro Series

167-DKSR

- Attractive 3/8" diameter anodized aluminum body
- Pen size 5-1/2" long when closed (8" open) with pocket clip
- Built-in chuck positions & firmly holds sharpening stone
- Simply loosen chuck nut to remove & replace sharpening stone
- Quality Diamond Coated sharpening length 2-1/2"

Handle (utilized as holder to store diamond stone inside) has Non-Slip Finger Grip surface on body and chuck nut to aid in removing or replacing sharpening stone and for more positive control during tool use. Diamond stone has flat side for sharpening standard knives, round side for sharpening serrated knives, "V" groove for sharpening fishhooks, darts and arrows or all sides may be used for filing. Simply loosen built-in chuck, slide out diamond stone and tighten chuck nut. All machined parts are plated or made of materials to help prevent rust & corrosion. Handles & Holders Made In USA. Diamond stones imported from other countries. (Des.Pat.No. D416,777) **[CA65]**

Suggested Uses: SHARPEN Knives, Scissors, Kitchen Utensils, Fishhooks, Darts, Hunting Arrows, Garden Tools, Router Bits, Shop Tools, Camping Tools, Ice Skates • UTILITY FILE for model making, shaping metal or wood, Fingernail File, deburring & removing sharp edges from metal, wood, plastic & other materials • Gifts • Imprint for advertising promotions

Industrial Uses: Filing, deburring and to remove galling or burrs from small holes such as machine collets • Sharpen utility knives

Item Number	Pkg Type	Body OD	Item Description	Suggested List Price
167-34x5		3/8"	Pro Retractable Diamond Knife Sharpener with Medium Grit stone	\$ 10.75
167-35x5		3/8"	Pro Retractable Diamond Knife Sharpener with Fine Grit stone	\$ 12.75
167-3845		3/8"	Deluxe Pro Retractable Diamond Knife Sharpener Set: 1 Clear Anodized Handle with Medium Grit stone + 1 Gold Anodized Handle with Fine Grit stone. Great gift set.	\$ 21.95

Available Anodized Body Colors: (1 = Clear Anodize) (2 = Gold Anodize) (3 = Blue Anodize)
When ordering replace "x" in part number with body color number • See Price List for bulk items without packaging

Diamond Dual Grit File & Knife Sharpener (Fingernail File)

Pro Series

167-DDG

- Attractive 3/8" diameter anodized aluminum body
- Pen size 4-3/4" long when closed (7-1/2" open) with pocket clip
- Built-in chuck positions & firmly holds sharpening stone
- Quality 2-3/4" long diamond surface with one side medium grit and other side fine grit diamond • Two files in one

Handle (utilized as holder to store diamond stone inside) has Non-Slip Finger Grip surface on body and chuck nut to aid in removing or replacing sharpening stone and for more positive control during tool use. Dual purpose versatility since each flat side has a different diamond grit. Use courser side for faster removal of material and other side for finish work. Simply loosen built-in chuck, remove stone assembly, reverse & slide stone end into chuck and tighten chuck nut for convenient 4-3/4" long storage. All machined parts are plated or made of materials to help prevent rust & corrosion. Handles & Holders Made In USA. Diamond stones imported from other countries. (Des.Pat.No. D416,777) **[CA65]**

Suggested Uses: SHARPEN Knives, Scissors, Kitchen Utensils, Fishhooks, Darts, Hunting Arrows, Garden Tools, Router Bits, Shop Tools, Camping Tools, Ice Skates • UTILITY FILE for model making, shaping metal or wood, Fingernail File, deburring & removing sharp edges from metal, wood, plastic and other materials • Gifts • Imprint for advertising promotions

Item Number	Pkg Type	Body OD	Item Description	Suggested List Price

FILE AND TOOL HANDLES & HOLDERS

FILE AND TOOL HANDLES & HOLDERS

See Back of Catalog for References Chart of Available Chuck & Recommended Size for Various Tools

File and Tool Handles & Holders (Tool Storage Inside Handle) Pro Series 181-FHC

- Attractive 3/8" or 1/2" diameter anodized aluminum body
- Pen size 4-1/2" or 5-1/2" long with pocket clip
- Special steel chuck firmly holds files and other tools
- Store files or tools inside handle
- Handles without files or tools

Handle (utilized as holder to store files or tools inside and help prevent loss) has Non-Slip Finger Grip surface on body, chuck nut and cap to aid in removing or replacing tools and for positive control during tool use. Simply loosen chuck nut to remove or replace files or tools. All machined parts are plated or made of materials to help prevent rust & corrosion. Handles & Holders Made In USA. (Des.Pat.No. D407,289) [CA65]

Suggested Uses: Convenient way to firmly hold small files and tools, with round or square shanks, for extended use • Ideal for machinist, tool & die makers, jewelers, campers, hobbyist, craftsmen, sportsmen, gun smiths, electricians, model builders, service technicians, automotive technicians, clock makers, appliance repair, recreation vehicle repair & deburring • Gifts

Quality Tools & Products for

Industry, Office, School, Hobby, Sports and Professionals

COMMANDO® HEX-CHUCK™ TOOL HOLDERS WITH INTERCHANGEABLE COLLET/CHUCK SYSTEM (Versatile Tool Holder • Easy to Use)

Patent No. 5,873,580

One Handle to Hold a Variety of Tools

- | | | |
|--------------------|---------------|-------------|
| Round Shank Tools | Wiping Wires | Rasp Files |
| Square Shank Tools | Scribe Points | Misc. Files |
| Screwdriver Blades | Needle Files | Reamers |
| Diamond Burrs | Riffler Files | Drills |
| Tungsten Rods | Soapstone | Taps |

Hex-Chuck design prevents collet/chuck from rotating when tools are subjected to high levels of torque

Small tools may be stored inside handle

To change chucks, simply unscrew chuck nut, exchange chuck and replace chuck nut

To change tools with same size shanks, simply loosen chuck nut. Not necessary to remove chuck nut

All holders & machined parts manufactured in USA by Commando Products and are plated or made of materials to help prevent rust and corrosion.

Instructions:

1. Select proper size collet/chuck to hold tool shank (see chart)
2. Select handle to hold hex collet/chuck (see chart)
3. Remove chuck nut and place collet/chuck in handle
4. Replace chuck nut, but do not tighten
5. Place tool in collet/chuck and tighten chuck nut

The Commando® Tool Advantage

- Pen size 3/8" or 1/2" diameter handles with clear, gold or blue anodized finish for appearance and durability
- Handles have Non-Slip Finger Grip surface to aid in loosening chuck nut and for more positive tool control
- All other machined parts are plated or made of materials to help prevent rust and corrosion
- The 4-1/2" or 5-1/2" long handles create a convenient way to firmly hold small tools & files for extended use
- Simply loosen chuck nut to remove or replace tools

HEX-CHUCK™ TOOL HOLDERS

HEX-CHUCK™ TOOL HOLDERS With Interchangeable Collet/Chuck System

Hex-Chuck™ Tool Holders & Sets

Pro Series

191-HCS

- One handle holds many tools
- Durable, versatile and adaptable tool holder that is simple to use
- Simply unscrew chuck nut to exchange or replace chucks
- Color coded chucks for easy identification
- The Hex-Chuck design prevents collet/chucks from rotating
- Makes a compact tool set for car, camper, home or office
- All items in plastic tubes for convenient storage
- Purchase handle with 5 chucks to hold numerous tools or buy one handle with chuck and tools to build a set to your personal needs

One tool holder to accommodate a variety of round or square shank tools including drills, reamers, wiping wires, files, scribe points, taps, screwdriver blades, tungsten rods, diamond burrs, soapstone and etc. The Hex-Chuck design prevents collet/chucks from rotating. Handle has Non-Slip Finger Grip surface on body and chuck nut to aid in removing or replacing tools and for positive control during tool use. Simply loosen chuck nut to remove or replace files or tools. All machined parts plated or made of materials to help prevent rust & corrosion. Handles Made In USA. Hex-Chuck Tool Holders are protected by one or more US Patents including Patent No. 5,873,580 [CA65]

Suggested Uses: Convenient way to firmly hold small files and tools, with round or square shanks, for extended use. Ideal for machinist, tool & die makers, jewelers, campers, hobbyist, craftsmen, sportsmen, gun smiths, electricians, model builders, service technicians, automotive technicians, clock makers, appliance repair, recreation vehicle repair, deburring and gifts

CHALK HOLDERS, DISPENSERS & ERASERS

CHALK HOLDERS • CHALK DISPENSER CADDY • CHALK • ERASERS

(Products for Office, School, Industry and Home)

Chalk Holders

Pro Series

152-CH

See next page for additional

Chalk Holders and Combo Packs

- Attractive 1/2" diameter anodized aluminum body
- Pen size 4-1/4" long with pocket clip
- Hole in top of handle for easy removal of broken chalk
- Built-in chuck positions & firmly holds standard 3/8" school chalk or other tools .335" to .390" (8.5mm to 9.9mm) diameter

Handle has Non-Slip Finger Grip surface on body and chuck nut for better control when writing and aids in removing or replacing chalk. All machined parts are plated or made of materials to help prevent rust & corrosion. Handles Made In USA. (Des.Pat.No. D416,777) [CA65]

Suggested Uses: Helps prevent broken chalk and a convenient way to firmly hold chalk and keep hands free of chalk dust. Makes a great Gift or imprint with school logo.

Item Number	Pkg Type	Body OD	Item Description	Suggested List Price

Chalk Holder Value Packs & Individule Anodized Holders

- Attractive 1/2" diameter anodized body
- Pen size 4-1/2" long with pocket clip
- Hole in top for easy removal of broken chalk
- Built in chuck positions & firmly holds standard 3/8" school chalk or other tools with .335" to .390" (8.5 mm to 9.9 mm) diameter
- Each holder includes one piece white chalk and plastic storage tube with cap
- **Made in USA**

Handle has Non-Slip Finger Grip surface on body and chuck nut for better control when writing and aids in removing or replacing chalk. All machined parts are plated or made of materials to help prevent rust & corrosion. Holder furnished in clear square plastic tube with cap to keep chalk tip from contacting other items in pocket, briefcase, backpack or purse. Handles Made In USA. (Des.Pat. No. D416,777)

Suggested Uses: Helps prevent broken chalk and a convenient way to firmly hold chalk and keep hands free of chalk dust. Makes a great Gift or imprint with school logo promotions. Used in schools, conference rooms, restaurants, coffee shops, dart score keeping and for marking tires or location for hanging objects.

COMMANDO® PRODUCTS WARRANTY

COMMANDO® PRODUCTS, INC.

ONE (1) YEAR LIMITED WARRANTY

Commando Products, Inc. (CPI) warrants to the original purchaser of each new product manufactured by CPI that such product is free from defects in material and workmanship. CPI agrees, at its option, to repair, replace, refund the purchase price or furnish a new part in exchange for any part of any product which under normal use, for which the product was intended, discloses such defect within one (1) year of this warranty, dated from the day of purchase by the original purchaser. This warranty applies only to original purchaser and does not include finish, packaging or other non-functional parts.

This warranty does not extend to any product which has been subjected to miss-use, neglect, accident, improper use or installation or use in violation of instructions furnished by CPI, nor does it extend to units which have been repaired or altered outside our factory, nor to accessories used therewith not of our own manufacture.

Upon purchase of the product, the purchaser is responsible for checking the product for damage. Any shipping damage should be referred to the carrier.

All claims of defect must be made in writing, by letter addressed to:

**Commando Products, Inc.
420-A Blue Ridge Extension
Grandview, Missouri 64030 USA**

Your letter must include the model number of the product on which claim is made, the date, place and proof of purchase, such as a copy of a sales receipt, and a detailed description of the basis of the warranty claim. No warranty card is furnished and you must supply the foregoing information. Do not return any product to us until requested to do so. Any returned item must have prior written authorization. Unexpected returns are greatly delayed in handling. These delays can be avoided by writing in advance, furnishing the necessary information.

LIMITATION OF LIABILITY - COMMANDO PRODUCTS, INC.'S. SOLE LIABILITY IS TO REMEDY ANY DEFECT IN THE PRODUCT OCCURRING DURING THE ONE YEAR PERIOD OF THIS WARRANTY. COMMANDO PRODUCTS, INC., SHALL NOT BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO COST OF TRANSPORTATION, PERSONAL INJURY OR PROPERTY DAMAGE, OR DAMAGE RESULTING FROM IMPROPER OR CARELESS INSTALLATION OR USAGE NOT INTENDED BY THE MANUFACTURER. THE REMEDIES OF THE PURCHASER SET FORTH HEREIN ARE EXCLUSIVE, AND THE LIABILITY OF COMMANDO PRODUCTS, INC. WITH RESPECT TO ANY CONTRACT OR SALE, OR ANYTHING DONE IN CONNECTION THEREWITH, WHETHER IN CONTRACT, TORT, NEGLIGENCE, UNDER ANY WARRANTY, OR OTHERWISE, SHALL NOT EXCEED THE PRICE OF THE PRODUCT OR ITS PART UPON WHICH SUCH LIABILITY IS BASED. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

Commando Products, Inc., reserves the right to make any changes deemed necessary or desirable in its products without advance notice or incurring any obligation to make like changes in previously manufactured or sold products. This warranty gives you specific legal rights, and you may also have other rights that vary from state to state.

This warranty is in lieu of all other warranties, expressed or implied.

Commando® unique, versatile & compact tools are designed for intricate work and other fine detailing

Commando® Diamond Knife & Fishhook Sharpeners are ideal for field, stream, fly tying table or work bench

COMMANDO® TERMS AND CONDITIONS OF SALE

All orders are subject to acceptance of Commando Products, Inc.
See Price List for Minimum Order Amounts & Minimum Order Quantities

MINIMUM ORDER AMOUNT:

See Price List or Order Form.
Smaller orders may be subject to a handling charge.

MINIMUM ORDER QUANTITY:

See Price List or Order Form.
Quantities less than Standard Package Quantity (broken packs) may be subject to a handling charge.

PRICES & SPECIFICATIONS:

Prices subject to change without notice and will be invoiced at the price in effect at time of shipment.
All amounts in US Funds.
Product specifications and availability subject to change without notice.

TERMS:

MasterCard, Visa, Check, Money Order or Net 30 Days with approved credit.
Orders from accounts that are past due will be placed on credit hold until problem is resolved.
Past due invoices will be charged a 1.5% per month service charge.
If a State Resale or Exemption Certificate is not on file, Sales Tax will be added where applicable.

FREIGHT POLICY:

All prices are F.O.B. Commando Products plant in Grandview, Missouri, USA.
UPS shipments will be prepaid and shipping charges added to invoice except for collect, consignee or 3rd party billing.
All other shipments will be shipped by truck line with freight charges collect.

PRICE LIST & QUOTATIONS:

Stenographical and clerical errors subject to correction.

DAMAGE & SHORTAGES:

Advise shipper if your goods are damaged. All shipments must be carefully inspected for shortage or damage and claim made with the delivering carrier. Commando is not responsible for freight damage but will assist you with your claim if notified within 30 days of shipment. Shortages and all other claims must be made to Commando Products, in writing, within 10 days after receipt of merchandise.

RETURN GOODS:

Merchandise returns will be allowed only with prior written authorization from Commando Products, Inc. and any returns without authorization will not be accepted. Items made to special specifications, or obsolete and discontinued merchandise, are not subject to return. Authorized returns, other than those due to defects or errors for which we are responsible, are subject to a handling and restocking charge of 20% from the original invoice price, plus return transportation costs, if any. No merchandise returns will be authorized after 90 days from invoice date. Returns will not be accepted without a Commando Products R/A (Return Authorization) number.

CATALOG CREDIT:

See Commando Price List or contact Commando Products, Inc. for details and requirements to qualify for credit.

WARRANTY:

A One Year Limited Warranty covers Commando® products. See catalog for details or write to Commando Products, Inc. for copy of warranty.

WARNING:

For personal safety when using tools, eye protection and other safety devices should be used to prevent injury, in case a tool should shatter or break during use. Before using, the user must determine the suitability of the product for its intended use, and the user assumes all risk in connection therewith.

California Residents - Proposition 65 Warning: Some products may contain components with small amounts of materials known to the State of California to cause cancer, birth defects or other reproductive harm. Wash hands after handling.

LOCAL SAFETY STANDARDS, REGULATIONS AND WARNINGS:

Products manufactured and sold by Commando Products, Inc. are designed to meet known USA safety standards and regulations. Since State and Local safety standards, codes, and regulations vary; Commando Products, Inc. cannot guarantee that our products will meet all applicable requirements in each locality. Therefore, the purchaser assumes full responsibility for compliance with such safety standards and regulations in those localities where the product will be shipped, sold, and used. Commando Products, Inc. is not responsible for how the products are used.

Tools & Products For Industry, Office, School, Hobby, Home, Sports and Professionals

See front of package for additional tools

COMMANDO® HEX-CHUCK™ TOOL HOLDERS WITH INTERCHANGEABLE COLLET/CHUCK SYSTEM (Versatile Tool Holder • Easy to Use) Patent No. 5,873,580

One Handle to Hold a Variety of Tools

- Round Shank Tools
- Square Shank Tools
- Screwdriver Blades
- Diamond Burrs
- Tungsten Rods
- Wiping Wires
- Scribe Points
- Needle Files
- Riffler Files
- Soapstone
- Rasp Files
- Misc. Files
- Reamers
- Drills
- Taps

Small tools may be stored inside handle

To change chucks, simply unscrew chuck nut, exchange chuck and replace chuck nut

To change tools with same size shanks, simply loosen chuck nut. Not necessary to remove chuck nut

Hex-Chuck design prevents collet/chuck from rotating when tools are subjected to high levels of torque

Color Coded Interchangeable Collet/Chucks in Various Sizes to Hold a Variety of Tools with Round or Square Shanks

All holders & machined parts manufactured in USA by Commando Products and are plated or made of materials to help prevent rust and corrosion.

Instructions:

1. Select proper size collet/chuck to hold tool shank (see chart)
2. Select handle to hold hex collet/chuck (see chart)
3. Remove chuck nut and place collet/chuck in handle
4. Replace chuck nut, but do not tighten
5. Place tool in collet/chuck and tighten chuck nut

Recommended instructions for proper use of Commando® Tools to obtain maximum benefits and performance

Instructions for proper use of COMMANDO® Tool Holder/Handles & Miniature Screwdrivers
(One year limited warranty)

DES. PAT. NO. D407,289

Remove cap and select desired tool or screwdriver blade (if stored inside handle), return extra tools inside barrel, and replace cap. Insert specially designed keyed end, of screwdriver blade, into steel chuck. Insert tool into chuck (with screwdriver blades, turn blade while inserting into chuck until the keyed end slips into keyed slot in rear of chuck) and securely tighten chuck nut to firmly hold tool. **Grip the Non-Slip Finger Grip surface on barrel to insert and remove screws or using tools. Do not hold onto the chuck nut while inserting or removing screws as it may loosen the chuck and screwdriver blade.** When using in a forward and backward motions, such as filing, the handle assembly may be held on the chuck nut without loosening the chuck. Clip may be removed, if not needed, by removing cap and pushing clip off end of barrel.

Instructions for COMMANDO® Chalk & Dry Marker Dispenser Caddy Mounting

Mount to wall or other location with 2 screws furnished or remove protective paper from one side of adhesive pad and apply pad to Dispenser Caddy. Remove protective paper from second side and place dispenser against black board or other smooth, clean surface with light pressure.

- Optional Chalk Holder attached
- Double sided pressure sensitive pad
- High impact plastic
- Two mounting screws

Instructions for COMMANDO® Retractable Diamond Knife Sharpener
(One year Limited warranty)

Simply loosen chuck nut (no need to remove), slide out sharpening stone to expose all of diamond surface, tighten chuck nut. To store, loosen chuck nut, slide sharpening stone back into handle and tighten chuck nut. Sharpening Stone may be reversed and stored inside handle to prevent diamond stone from coming in contact with other tools. Pocket Clip may be removed, if not needed, by pushing off end of barrel.

Instructions for COMMANDO® Diamond Coated Flat Multi-Grit Utility File

To use, simply loosen chuck nut (no need to remove), slide blade out of handle, reverse blade and insert round end of blade into handle as shown above and tighten chuck nut. To store, loosen chuck nut, remove blade, reverse and slide flat end of blade into handle and tighten chuck nut. Pocket Clip may be removed, if not needed, by pushing clip off end of barrel.

Warning: When working with tools, eye protection and other safety devices should be used to prevent injury, in case a tool should shatter during use
